

Help Your Students Become Great Science Readers with Readorium!

Students Learn to Comprehend Science Text through the Award-Winning Readorium Program

Science explains how the world works, and may be the most important subject students learn. Unfortunately, many students claim science is "boring" because they struggle with reading, and simply give up.

So, how can we solve this problem? Try Readorium's supplemental Science Reading solution.

Readorium Provides...

- Engaging, game-like approach to reading science that encourages perseverance and success
- NGSS-aligned books written on 10-12 levels that automatically adapt to each student's needs
- Actionable progress reports and classroom resources that help teachers target instruction

Readorium Received the...

- 2018 International [Reimagine Award for K-12 Education](#)
- 2016 CODiE Award for [Best Reading/English/Language Arts/Instructional Solution](#),
- The Software and Information Industry Association [Trendsetter Award](#) for innovative content
- Readorium is also recommended by the [National Science Teachers Association](#)

- Ready to purchase Readorium? [Contact us](#) Tell us you learned about us through PRISM for your discount.
- Need a different webinar date? [Let us know when](#)

Reading science is so difficult and this program encourages students to learn more! Love the user-friendly platform and the incorporation of reading strategies into the science curriculum!

— Tammie Schrader, Regional Science Coordinator at Educational Service District 101, Spokane, WA

"Readorium is a "must have" for all students in grades 3-8. It is easy to navigate, presents the content in a form that is both entertaining and educational and, most importantly, allows students to make mistakes without destroying their self-confidence. All in all a great program! "

— Dominic Festante, Former Principal Hampton Township, NJ and CODiE Judge

"Readorium is fun. You get to compete to get to the Hall of Fame. I'm motivated to do all the work and do it right."

— Keisha S., Gr. 7
